

3 Easy Steps to Downloading the Cheep Browser Add-on (Firefox)

1.) After you've logged on to Cheep, you can download the browser add-on right from the homepage.

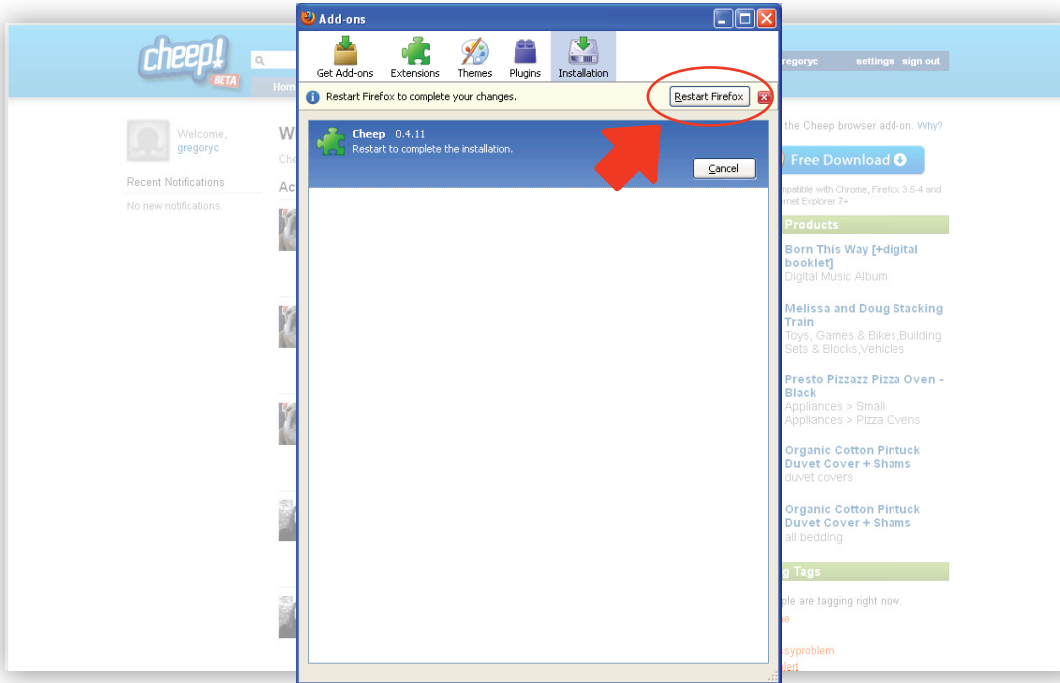

2.) Once you've clicked on the big **Free Download** button, you will be prompted to install the browser add-on.

3.) You're almost there! You will be asked to restart Firefox to complete the download process, so click on [Restart Firefox](#).

And voila!

Success! The Cheep browser add-on will now appear when you look at various products online. If you have any questions or feedback, drop us a line at support@getcheep.com. Enjoy!
